

# Summer Envy 35 XWR

Artificial lawn in commercial and residential spaces is becoming increasingly popular.

TigerTurf's Summer Envy 35 XWR is a beautiful and authentic alternative to natural grass manufactured from TenCate's XWR fibre for high durability. The medium blade and high-density thatch provide a soft and comfortable feel under foot with colours that accurately replicate real grass.

Ideal for playgrounds and early childhood centres, businesses requiring attractive landscape and workspaces, landscape designers looking for a unique solution for clients or councils needing natural landscapes but are restricted by access, maintenance and water supplies.

**// Fire tested /  
indoor compliant**

**// Heavy traffic**

**// Natural looking**

**// 10 year warranty**

# Summer Envy 35 XWR

## For the owners

- // **No** watering, mowing or fertilising required.
- // Child and pet **friendly**.
- // **UV stabilised** to minimise fading.
- // Recommended use: heavy traffic.
- // **Minimal** maintenance to remove organic material. Some moss and algae treatment may be required in damp, shaded areas.
- // **Certified for indoor** installation if partially infilled with sand.
- // **Free** of heavy metals.
- // Meets **Council permeability** regulations.
- // Can be **installed over** timber, crushed rock, asphalt or porous or non-porous concrete.

## For the user

- // Looks and feels like the **real thing**.
- // Soft, safe and attractive, a place where children and pets can **play safely**.
- // Stays **lush and green** 365 days a year.
- // **No** allergy-causing grass seeds and cuttings.
- // **No** prickles or weeds.
- // **Drains and dries** quickly after rain so doesn't become boggy or muddy.
